## Key Practices

The Audit Committee has adopted the following key practices to assist it in undertaking the functions and responsibilities set forth in its charter:

1. **Meetings.** The Committee will meet at least four times a year, generally on a day in advance of the regularly scheduled Board meeting.
2. **Review of Annual Audited Financial Statements.** The Committee will review the Company's annual audited financial results in detail with the CEO, the CFO and the Board at the February Board meeting. Prior to the Board meeting, the Committee will meet to review the Company's annual financial results with the CFO. These reviews will include the "Management's Discussion and Analysis of Financial Condition and Results of Operations" section in the financial reports. The Head of the corporate audit staff and the Company's independent auditors will be present at these meetings.
3. **Quarterly Review of Financial Statements.** The Committee will also review the process for the CEO and CFO quarterly certifications required by the SEC with respect to the financial statements and the Company's disclosure controls and procedures and internal controls over financial reporting, including any material weaknesses or significant deficiencies in such internal controls. The Head of the corporate audit staff, and the Company's independent auditors will be present at these meetings.
4. **Review of Earnings Releases and Information Provided to Analysts and Rating Agencies.** The CFO shall review earnings releases with the Chairman of the Committee prior to their release to the public. Prior to the event, the CEO or the CFO shall review with the Committee, or the full Board, the substance of any presentations to analysts or rating agencies which constitute a shift in the Company's strategy or outlook. In addition, the CEO or CFO shall review subsequently with the Committee, or the full Board, a summary of major presentations that have been given to analysts or rating agencies that do not constitute a shift in strategy or outlook.
5. **Approval of Audit and Non-Audit Services.** To minimize relationships which could appear to impair the objectivity of the independent auditor, it is the Committee's practice to restrict the non-audit services that may be provided to the Company by the Company's independent auditor primarily to tax services, merger and acquisition due diligence, and integration services. The Company will obtain such limited non-audit services from the Company's independent auditor only when the services offered by the auditor's firm are more effective or economical than services available from other providers, and, to the extent possible, only following competitive bidding for such services. The Committee has also adopted policies and procedures for pre-approving all non-audit work performed by the Company's independent auditor. Specifically, the Committee shall pre-approve the use of the Company's independent auditor for detailed, specific types of services within the following categories of non-audit services: merger and acquisition due diligence and audit services;

internal control reviews; tax compliance services; tax consulting services; employee benefit plan audits; and reviews and procedures that the Company requests the independent auditor to undertake to provide assurances on matters not required by laws or regulations, such as agreed upon procedures letters. For each category of non-audit service listed in the preceding sentence, the Committee shall also set a specific annual limit on the amount of such services which the Company may obtain from the Company's independent auditor, and shall require management to report the specific engagements to the Committee on a quarterly basis, and also to obtain pre-approval from the Committee for any single engagement over THB 1 million. Notwithstanding the foregoing, any engagement of the independent auditor to provide internal control-related services, including internal control-related non-audit services, must be specifically pre-approved by the Committee. For all tax services, the Committee must periodically review the details of each such engagement. The Chairman of the Committee is authorized to pre-approve any audit and non-audit service on behalf of the Committee, provided such decisions are presented to the full Committee at its next regularly scheduled meeting.

6. **Hiring Guidelines for Independent Auditor Employees.** The committee has adopted the following practices regarding the hiring by the Company of any partner, director, manager, staff, advising member of the department of professional practice, reviewing actuary, reviewing tax professional and any other persons having responsibility for providing audit assurance to the Company's independent auditor on any aspect of their certification of the Company's financial statements. "Audit assurance" includes all work that results in the expression of an opinion on financial statements, including audits of statutory accounts.
  - No member of the audit team that is auditing a MINT business can be hired into that MINT business or into a position to which that business reports for a period of two years following association with that audit.
  - No former employee of the independent auditor may sign a MINT or MINT affiliate's SEC filing for five years following employment with the independent auditor.
  - No former employee of the independent auditor may be named a MINT or major affiliate officer for three years following employment by the independent auditor.
7. **Process for Handling Complaints about Accounting Matters.** As part of the Board's procedures for receiving and handling complaints or concerns about the Company's conduct, the Committee has established the following procedures for: (i) the receipt, retention, and treatment of complaints received by the Company regarding accounting, internal accounting controls, or auditing matters; and (ii) the confidential, anonymous submission by MINT employees of concerns regarding questionable accounting or auditing matters.
  - The Company has established and published on its Web site special mail and e-mail addresses and a telephone number for receiving complaints regarding accounting, internal accounting controls, or auditing matters.
  - All such complaints will be sent to the Chairman of the Board of Directors, and to the Chairman of the Audit Committee.

- All complaints will be tracked by the Corporate Secretary, and handled by the Company's finance and legal staff in the normal prescribed manner, unless otherwise directed by the Audit Committee.
- The status of the complaints will be reported on a quarterly basis or sooner as deemed necessary to the Chairman of the Board of Directors, and the Chairman of the Audit Committee and, if they so direct, to the Committee or the full Board.
- The Chairman of the Board of Directors or the Audit Committee Chairman may request special treatment, including the retention of outside counsel or other advisors, for any complaint addressed to them.

The Company's Code of Conduct prohibits any employee from retaliating or taking any adverse action against anyone for raising or helping to resolve an integrity concern.

8. **Audit Committee Memberships.** The Committee has determined that in view of the increasing demands and responsibilities of the Audit Committee, members of the Committee should not serve on more than three additional Audit Committees of other Thai registered public companies. Relationships that existed as of January 2008 exceeding these limits may continue in place provided that the full Board determines that such relationships do not impair the member's ability to serve effectively on the Committee.
9. **Company Code of Conduct** applies for Company's officers and employees, including the CEO. The Company's Conflicts of Interest Policy requires all employees, including the CEO, to resolve ethically any actual or apparent conflicts of interest, and to comply with all generally accepted accounting principles, laws and regulations designed to produce full, fair, accurate, timely and understandable disclosure in the Company's periodic reports filed with the SEC. Annual acknowledgment of Employee Code of Conduct is required of all salaried employees.
10. **Conflict of Interest Review.** The Committee will review twice a year the corporate audit staff's audit of the application of the Conflicts of Interest Policy to the Company's directors, officers, and employees.
11. **Financial Expertise.** Each member of the Committee will be financially literate, as determined by the Nominating and Corporate Governance Committee and the Board. At least one member of the Committee will qualify as an "audit committee financial expert," as defined by the SEC.
12. **Audit Partner Rotation.** The Committee shall ensure that the lead audit partners assigned by the Company's independent auditors to the Company, and to each of its subsidiaries that have securities registered with the SEC, shall be changed at least every five years.
13. **Shareholder Ratification of Independent Auditor.** The Committee will recommend to the Board its selection of the Company's independent auditor, and shareholders, at their annual meeting, shall consider and approve the Committee's selection.
14. **Approval of Certain Related Party Transactions.** The Committee shall review and approve or ratify any transaction between the Company and a related person, which is required to be disclosed under the rules of the SEC. In the course of its review and approval or ratification of a transaction, the Committee shall consider:
  - the nature of the related person's interest in the transaction;
  - the material terms of the transaction;

- the significance of the transaction to the related person;
- the significance of the transaction to the Company;
- whether the transaction would impair the judgment of a director or executive officer to act in the best interest of the Company; and
- any other matters the Committee deems appropriate.

Any Committee member who is a related person with respect to a transaction under review may not participate in the deliberations or vote respecting such approval or ratification, provided, however, that such director may be counted in determining the presence of a quorum at a meeting of the Committee which considers the transaction.
